**STONESMEETPROJECT**

# PIETRE PURE

**Pietre Pure** è una raccolta di pietre di diversa genesi che ben si adattano ad essere utilizzate per pavimentazioni in luoghi privati o pubblici, a cui donano un fascino particolare grazie alle molteplici tonalità e variazioni cromatiche.

Pietre con differenti effetti estetici, ma con le stesse uniche eccezionali caratteristiche tecniche, valorizzano nella loro universalità le diverse tipologie di stile nell'arredamento.

Le lastre da pavimento possono essere fornite sia con finitura naturale, lappata o roc così da consentire una continuità cromatica anche in ambienti che coinvolgono contemporaneamente aree indoor e outdoor.

**Pietre Pure** is a collection of stones of various origins that adapt well to use on floors in private or public surroundings, to which they lend a special charm thanks to their many tones and colour variations.

These stones, with their different aesthetic effects, but with the same unique and exceptional technical characteristics, enhance all kinds of furnishing styles with their universal appeal.

The flooring large tiles can be supplied either with natural, lapped, or "roc" (textured anti-slip surface) finish so that they allow colour continuation even in surroundings encompassing indoor and outdoor areas at the same time.

**Pietre Pure** est une collection de pierres de diverses origines qui se prêtent idéalement à la réalisation de sols dans des lieux privés ou publics, auxquels elles confèrent un charme particulier grâce aux multiples nuances et variations de couleurs.

Les pierres, dont les effets esthétiques sont différents mais qui partagent les mêmes caractéristiques techniques uniques et exceptionnelles, soulignent dans leur universalité les styles d'aménagement les plus variés.

Les dalles de sol peuvent être fournies avec une finition mate, polie ou « roc » (surface structurée antidérapante) afin de permettre une continuité chromatique même dans des environnements qui englobent simultanément des espaces intérieurs et extérieurs.

**Pietre Pure** ist eine Sammlung von Steinen verschiedenen Ursprungs, die sich gut für die Verwendung als Bodenbeläge in privaten oder öffentlichen Bereichen eignen, denen sie dank der zahlreichen Farbtöne und chromatischen Variationen einen besonderen Charme verleihen.

Steine mit unterschiedlichen ästhetischen Wirkungen, die jedoch dieselben einzigartigen und ausgezeichneten technischen Eigenschaften besitzen, bringen in ihrer Universalität die verschiedenen Einrichtungsstile zur Geltung.

Die Bodenplatten sind sowohl mit natürlichem, geläppter oder mit (dem strukturierten und rutschfesten) „roc“-Finish lieferbar, um auch zwischen Indoor- und Outdoor-Bereichen unterbrechungslose farbliche Fortsetzungen zu ermöglichen.
