ROMAN TRAVERTINE

The Roman Travertine Collection draws inspiration from the historic travertine quarries of Rome, where natural stone has defined architecture for centuries. This collection showcases the timeless beauty and durability of honed and filled travertine tiles and mosaics, designed for both classic and modern interiors. Featuring two distinctive stones Roman Travertine, a warm beige travertine with soft natural variation, and Scabas Red Travertine, characterized by rich red tones and bold depth the collection offers a balanced palette rooted in nature and history. The honed and filled finish provides a smooth, refined surface while maintaining the stone's natural character.

Available in 12x12 travertine tiles and a wide selection of travertine mosaics, including the signature Chester Plaid 4x4, this collection is suitable for floors, walls, and backsplashes. Its versatility makes it ideal for bathrooms, kitchens, feature walls, and interior flooring applications.

Blending heritage, craftsmanship, and versatility, the Roman Travertine Collection offers a timeless natural stone solution for residential and commercial spaces.

Usage:

- Backsplash
- Bath Floors / Walls
- Commercial Interior Walls
- Residential Interior Walls
- Shower Walls

V4 = SUBSTANTIAL VARIATION:
Random color differences from tile to tile, so that one tile may have totally different colors from that of other tiles. Thus the final installation will be unique.
